We congratulate you; you have officially joined Bloomzed Crypto Club and become a member of the Referral Bonus Program. Now to activate your account and Referral Bonus Program you need to buy BZT tokens in the relevant section.

Now to receive bonuses as per Bloomzed Crypto Club Referral Bonus Program you need to form your referral structure.

**What is the structure and how does it look like?**

The individual level of each new member of Bloomzed Crypto Club is defined as the zero level, and in relation to his invited Members is classified as a Referrer.

The invited new members of Bloomzed Crypto Club occupy the levels in increasing order – i.e. new Members directly invited by the Referrer (Member of the zero generation) are Members of the first generation; Members of the first generation, attracting new people to the club, create in this way, the second generation. This process can continue up to five generations and looks like this:

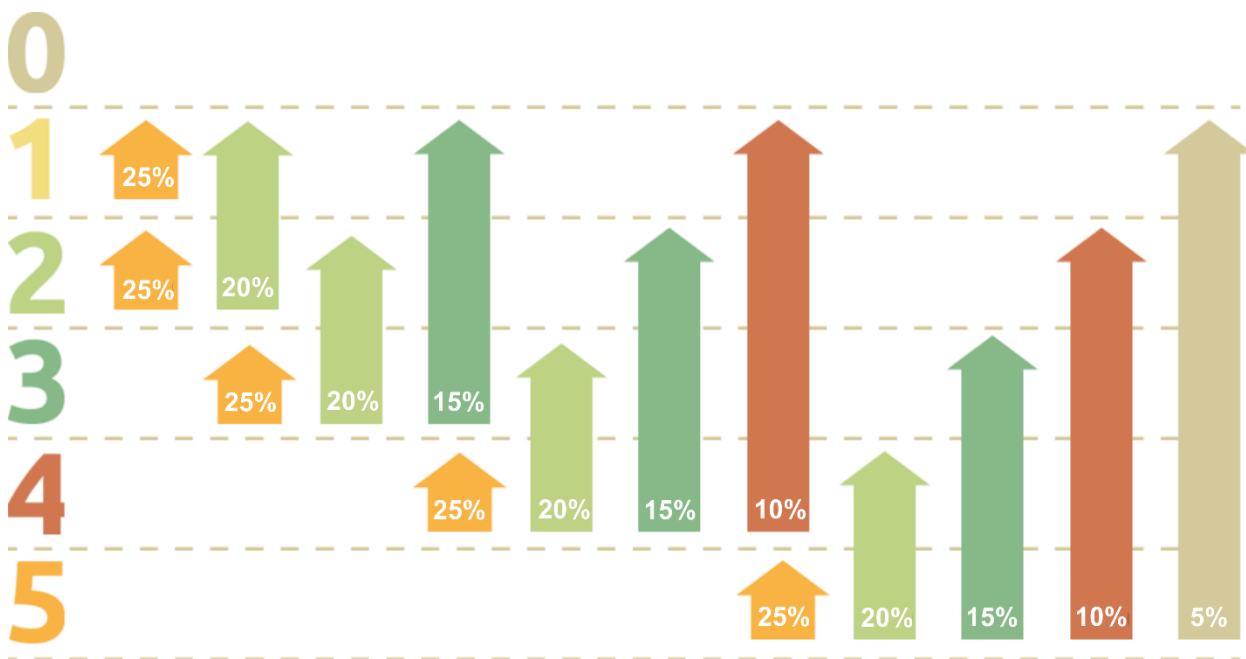

Structure of the Bloomzed Crypto Club member:

- a. owner of the Structure (Referrer) is the zero generation;
- b. members of the 1st Generation Structure are members of the club registered using the Referral ID of the owner of the Structure specified in clause (a) above;
- c. members of the 2nd Generation Structure are members of the club registered using the Referral ID of the members of the 1st Generation Structure specified in sub-clause (b) above;
- d. members of the 3rd Generation Structure are members of the club registered using the Referral ID of the members of the 2nd Generation Structure specified in sub-clause (c) above;

- e. members of the 4th Generation Structure are members of the club registered using the Referral ID of the members of the 3rd Generation Structure specified in sub-clause (d) above;
- f. members of the 5th Generation Structure are members of the club registered using the Referral ID of the members of the 4th Generation Structure specified in sub-clause (e) above.

The Referrer of the structure (Member of the zero level) receives 25% of Bonuses to his own purchase of BZT tokens using the Referral ID of the club member who invited him plus Bonuses from his structure, as indicated in infographics 1 and 2 below.

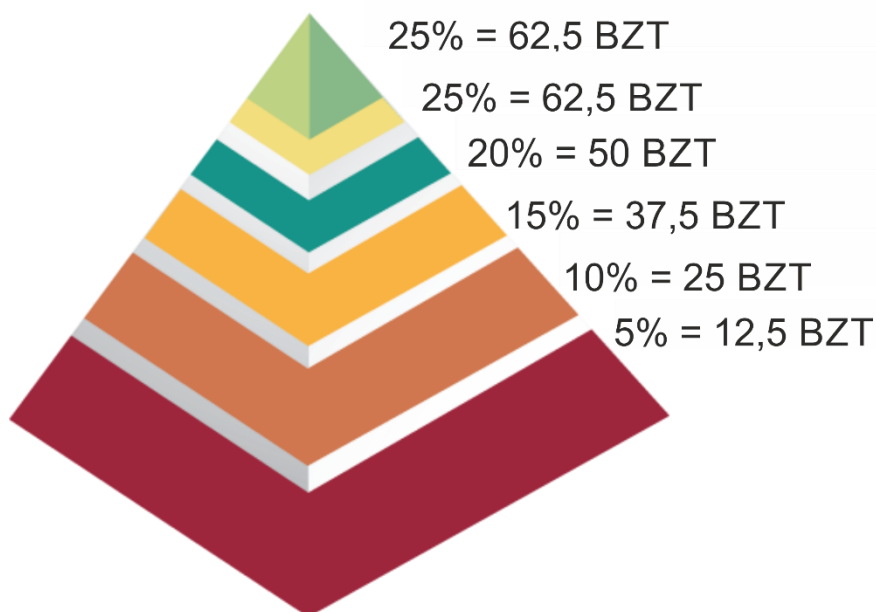

The arrows show the percentage of BZT tokens purchased at each level by new members which receives each level of the Project Members performed by the downline Member in the structure.

**Example:**

In the example, we show how many bonuses the Referrer (Zero generation) receives in percent and in number of BZT tokens, starting from his purchase within the Referral Bonus Program and up to the 5th generation of his structure. Calculation of bonuses accrual is made on the basis of the minimum purchase package of 250 BZT tokens by each member of the club in each generation (in each generation, one invited new member of the club)

**Infographics 2:**

**Example:**

A new member of the club, using the Referral ID, receives 25% of bonuses from his purchase; Becoming a Referrer of his structure, he receives:

- from the purchases of BZT tokens of his first generation - 25%;
- from the purchases of BZT tokens of his second generation - 20%;
- from the purchases of BZT tokens of his third generation - 15%;
- from the purchases of BZT tokens of his fourth generation - 10%;
- from the purchases of BZT tokens of his fifth generation - 5%;

Inviting only one person, and all the way to the fifth generation, the amount of bonus accruals to the Referrer, considering the additional bonus for his own purchase, will be 250 BZT tokens, according to the above example. This distribution of bonuses applies to each of the members of Bloomzed Crypto Club and the Referral Bonus Program.

Obligatory conditions of the Referral Bonus Program are that the club member who has invited you must first activate his account by purchasing BZT tokens before inviting new members.

Bonuses are awarded neither to the Referrer nor to the Referral in case of non-compliance with the obligatory condition, and all the above mentioned conditions for participation in the Referral Bonus Program, as well as bonuses are not awarded in case of violation of any rules and conditions of the Bloomzed project and Bloomzed Crypto Club.
